## SENTENCE OF DEATH.

Three Americans to Die by Bullets.

Are Accused of Poisoning William Devers and Harry M. Mitchell.

Judge of Court at Chihuahua Condemns the Men, but They Appeal.

Life Insurance Money is Involved—Poison as a Means Used.

CHIHUAHUA (Mex.) Nov. 21.—[Exclusive Dispatch.] This afternoon, Judge Allos of the Second Penal Court sentenced the Americans Leslie E. Hulbert, William Mitchell and Dr. C. S. Harle to be shot for the crime of poisoning William Devers with mercury and Harry M. Mitchell with strychnine here in February, 1902, for the insurance in the New York Life for \$10,000; the former \$15,000.

As to the latter crime, Harle, the physician, confessed to certifying for the company and making death proofs for prize money. Americans here are glad of the verdict. Harry Mitchell was a brother of William Mitchell and brother-in-law of Hulbert. Hulbert, known as Charles T. Richardson, and William Mitchell as William Mason, became agents here for the New York Life. Mrs. Richardson, sister of Harry Mitchell, was beneficiary. Devers, being a drunkard, was poisoned by mercury in the whisky.

Harry Mitchell died here in Hulbert's house. The suspicion of the company was aroused at the way Richardson was killed. The company's agent here was killed.

Richardson and Mason, in Dallas, Tex., pretended to be a timber man and investigated himself and was taken into the plot.

Richardson and Mason, it is said, induced Gray to insure under the name of Marshall D. Sangunette, a mine owner of Mexico, and Mason under the name of Manning, son of the beneficiary. The right Sangunette lived near El Paso and is nearly dead of consumption.

Gray discovered the plot to kill him in Mexico when the attorney for the company, in touch with the situation, arrested all three for conspiracy to defraud. Harle went to El Paso and confessed the plot to murder Devers and Mitchell. After the right, the courts extradited them. Here they were tried and the death sentence passed. The case will be appealed.

## NEVER LEGALLY MARRIED.

Peculiar Retort Made by Beautiful Katherine Ballinger to Her Husband's Divorce Suit.

DENVER, Nov. 21.—[Exclusive Dispatch.] Declining to answer the divorce suit brought by her husband on the ground she was never legally married to him, Mrs. Katherine Ballinger, wife of Webster Ballinger, the lawyer, journalist and clubman of Washington and Denver, launched a bomb at her husband that has changed all the plans the latter had laid for a divorce from his beautiful young wife.

Mrs. Ballinger had filed affidavit which she denies she married Ballinger in Baltimore April 13, 1898, as he alleged in his complaint, and that, according to the laws of Maryland, where the alleged marriage took place, no justice of the peace has any right to officiate at a marriage ceremony, and such being the case, she was never married to her husband, for the ceremony was performed by a man who purported to be a justice of the peace.

## PECOS VALLEY IRRIGATION.

Government Has Undertaken to Reclaim Thousands of Acres of Land.

EL PASO (Tex.) Nov. 21.—[Exclusive Dispatch.] The United States government has agreed to undertake the irrigation of thousands of acres of land in Pecos Valley in New Mexico, and has accepted the offer of the Pecos Irrigation Company to sell the Carlsbad dam, which will be employed. The property originally cost \$350,000, but many additional thousands of dollars have been sunk, and the company, it is said, has become bankrupt as the result of flood damage.

## TRIAL OVER TELEPHONE.

Prosecuting Attorney Kipp at Colfax, Wash., Gets College Students to Plead Guilty.

COLFAX (Wash.) Nov. 21.—[Exclusive Dispatch.] Prosecuting Attorney Kipp had the unique experience of conducting a trial over the long-distance telephone, Saturday, and as a result, the county is \$40 richer from fines collected from eight college students who were charged with malicious mischief at Pullman.

The case was called in the justice's court at Pullman, and Kipp, busy with criminal cases in the Superior Court here, could not go to Pullman to prosecute. He used the long-distance telephone for consultation with the students, their attorney and William Swain, Justice of the Peace, before whom they were to be tried, and succeeded in having the students plead guilty.

## ODELL FACTION GIVES POINTER.

WOULD HAVE NO INTERFERENCE IN STATE POLITICS.

Conference Between the President and Gov. Higgins Recalls to the Members the "Stalwart" "Half-Breed" War—Ex-Governor Thinks the Meme Inimical to Him.

NEW YORK, Nov. 21.—[Exclusive Dispatch.] "Remember that for twelve years after President Garfield and President Arthur interfered in Republican quarrels in New York State, the State went Democratic, and take warning from their example."

This was the response of the Odell men today to the conference between President Roosevelt and Gov. Higgins in Washington, regarding the Republican situation in this State. They made it clear that the situation has not been so critical for the Republican party since the "Stalwart" "Half-Breed" war was precipitated by presidential interference. They did not hesitate to threaten reprisals unless the President and the Governor kept their hands out of the party.

## PERKINS REACHES HOME.

Morgan's Smart Partner Denies That He Was in Any Danger in Russia.

NEW YORK, Nov. 21.—[Exclusive Dispatch.] Depressing the report that he was at any time in danger while he was in Russia and that he had seen or tried to see "Judge" Hamilton while away, George W. Perkins, member of the firm of F. J. Pierpont Morgan & Company, returned tonight on the Kaiser Wilhelm Lloyd line from Bremen, Southampton and Cherbourg.

Perkins went away six weeks ago to attend the conference of foreign bankers at St. Petersburg, relative to the situation of the new Russian loan of \$50,000,000. In company with French, German and English financiers, Perkins had just affixed the signature of his firm to the preliminary when the riotous times in St. Petersburg began.

So serious did the situation become that Perkins and the foreign conference decided that the time was inopportune for further negotiations. It was reported that Perkins and Mrs. Perkins, who accompanied him, were in personal danger.

## EXPLAINS WAYS OF GRAPERS.

Legislator Tells How People's Will is Subverted by Men Who Make Laws for Cash.

CHICAGO, Nov. 21.—State Senator Francis W. Parker lectured on "Graft in Legislative Bodies" last night before the Men's Club of Hyde Park Baptist Church.

"One of the familiar devices of the modern grafting Legislature," he said, "working in the interest and directly or indirectly in the pay of those who have an interest adverse to that of the public, is to manipulate the business so that it will be concentrated in the final days of the session and everything will be killed."

"Another familiar pretext is to load the bill the passage of which has become inevitable with conditions and inclusions fatal to its efficiency or which prolong the period of its applicability, until after the next session of the Legislature, when it again may become subject matter for discussion."

Hughes Gleans That Coin Was Given Actuary to Quit Business.

Person "Touched up" Found to be Depew's "Cantankerous Friend up River," Whom Senator Couldn't Recall When on Stand—Platt Testifies That Companies Sent Contributions by Messenger to Campaign Funds.

[BY THE ASSOCIATED PRESS—P.M.]

NEW YORK, Nov. 21.—The identity of Senator Depew's "cantankerous friend up river" from the river was disclosed in the session of the State Legislative Insurance Investigating Committee today by the testimony of John A. Nichols, a lawyer under retainer by the Equitable Life Assurance Society.

Nichols had written Senator Depew a letter referring to an individual in the above terms, and this letter was read at the session of the committee Friday, when Senator Depew was on the stand. The Senator was unable to recall who was meant by the "cantankerous friend," but today Nichols disclosed a series of payments to W. R. Manning of Albany, a former actuary, who had been connected with the investigation of insurance companies in 1877.

Mr. Hughes inquired as to a report that Manning had been in possession of information that was suppressed during this investigation and that would have been detrimental to the Equitable.

Nichols could not recall the suppression of information, but he detailed the payment of sums of money over a considerable period to Manning as an inducement to give up his business as actuary, in which capacity he believed Manning was a menace to the Equitable company.

Aside from the disclosures made by Nichols, the witness said, the fact of the day was the appearance of United States Senator Thomas C.

platt in this city and his visit to the part his name had played in the New York insurance investigation he replied with considerable heat:

"If you want to hear from me let them call me before the committee. I can tell Mr. Hughes a few things. The place where he should turn his searchlight is not so much on the officers of the insurance companies as on the insurance department and the Legislature."

"The department is much to blame—usually to blame, whether its officials knew the things were going on or not—because if they did not they were incompetent."

Regarding the testimony of John A. Nichols, Manning said he had had his dealings only with Nichols as representative of the large insurance companies for a number of years.

"I received from him a retainer," said Manning, "for opposing before the Legislature measures harmful to the companies and policy holders."

"It is true that I am Senator Depew's

## MAKE REMITTANCE, BURTON ALSO WROTE.

[BY THE ASSOCIATED PRESS—P.M.]

ST. LOUIS, Nov. 21.—The introduction of letters and telegrams exchanged between Senator Burton and Thomas B. Harlan, attorney for the Rialto Grain and Securities Company, was the feature of the second day of the trial of United States Senator Joseph R. Burton of Kansas in the United States Circuit Court on an indictment charging that he agreed to accept and accepted compensation from the Rialto company for using his influence while a member of the United States Senate for the benefit of the Rialto company in matters pending before the Postoffice Department and in which the government was interested.

The effort to introduce this evidence by the government brought frequent objections from the counsel for the defense, which in only one instance was sustained by Judge Vandewater. The court ruled that one telegram, which was said by the government to be a reply to one sent to Senator Burton by Harlan, was not relevant. In no case did the defense question the authenticity of the letters or telegrams, basing their objections on grounds that the contents were not pertinent to the allegations made in the indictments.

Harlan, who, at Senator Burton's former trial, was called as a witness by the defense, was placed on the stand by the government today and called upon to identify letter-press copies of letters sent by him to Senator Burton and originals of letters received by him from Senator Burton. The first letter submitted was dated November 18, 1902, addressed to Senator Burton and signed by Harlan. Following is an excerpt from this document:

"I hope you received my message to this effect, that this company (meaning the Rialto company) accepts your terms as a counsel, at a salary of \$500 a month, said service to begin immediately, that is, of this date, November 18, 1902."

In one letter Senator Burton wrote Harlan, in part, as follows: "In reply, if agreeable, you may make remittance for my month's pay."

Four checks for \$500 each, sent by the Rialto company to Senator Burton while he was in Washington, were submitted by the defense, Senator Burton acknowledged the endorsements on their backs.

United States Dist. Atty. Dyer continued reading to the jury literature issued by the defunct Rialto Grain and Securities Company when court opened today. The pamphlets contain several thousand words and have no bearing on the case on trial. They are enclosures mentioned in letters offered in evidence by the government to show that there was an investigation of the affairs of the Rialto company under way by postoffice inspectors at the time.

Counsel for the defense objected to the introduction of the letters but was overruled by Judge Vandewater, who then insisted that not only the letters but the enclosures also be read to the jury.

Col. Dyer interrupted his reading to introduce M. M. Ramsdell, Sergeant-at-Arms of the United States Senate. Mr. Ramsdell was present under a subpoena duces tecum requiring him to produce the telegrams. Mr. Ramsdell was then excused.

## WALL STREET'S COTTON PANIC.

FIFTY-MILLION-DOLLAR RAISE IN FIVE MINUTES.

Headley and a Syndicate of Farmers Reap a Fortune—Theodore H. Price Loses Millions—Some Like Football Rushes and Pandemonium Prevail.

NEW YORK, Nov. 21.—[Exclusive Dispatch.] Fifty million dollars was added to the market value of this year's cotton crop in five minutes today, causing a panic among Wall street speculators who had sold hundreds of thousands of shares they did not own.

Joseph H. Headley and a syndicate of farmers reaped a fortune in those terrific five minutes, estimated by some authorities to be as much as \$3,000,000. Headley's personal profit for five minutes was estimated at more than \$1,000,000 by a close personal friend. Theodore H. Price lost millions for himself and his bear pool. Daniel J. Sully was a winner.

The rise was caused by the government census bureau report of the amount of cotton ginned up to November 14. Wall street had been expecting the report to show at least 5,000,000 bales. The figures were only 4,000,000.

Second on exchange, pandemonium broke loose. The cotton market was a football rush seen tame and tame. Only those brokers who were physical giants were able to get to the market. Smaller men were tossed aside and almost trampled under foot in the rush.

## PEACE PLAN IS PREMATURE.

PARIS, Nov. 21.—The plans submitted by the American delegates at the international Parliamentary Congress, recently held at Brussels for a permanent international Parliament and a general arbitration treaty, are being considered by the committee of the various Parliaments in session here under the presidency of Philip Stanhope, M. P. The British Parliamentary Committee today gave out a statement saying it was the unanimous conclusion of the committee that the plan for an international Parliament was premature.

The plan for a permanent council of nations and the French project for an international ministry of state were favorably considered, but action was deferred for a month.

## GOODWIN IN VAUDEVILLE.

NEW YORK, Nov. 21.—[Exclusive Dispatch.] Nat Goodwin is preparing to take the first plunge into vaudeville. This move is the sequel to his repeated failures in new and old plays. He has failed in plays that have been great successes in other hands, among these "The Merchant of Venice" and "Beauty and the Beast," which have been one of the hits of the London stage. Goodwin's last mishap was in "Wolfville."

## ON UNIVERSAL SUFFRAGE.

The present lull is giving the government a slight breathing spell. The strike fiasco and the passing of the Polish crisis have certainly temporarily strengthened the hands of the government. The immediate question confronting the Cabinet is the electoral law. Premier Witte and his colleagues have almost reached the conclusion to base the elections practically on universal suffrage.

## ON UNIVERSAL SUFFRAGE.

A member of the Cabinet who may be considered to reflect the views of the Premier, said today: "The extreme wing of the intelligent Liberals still insists on fighting a windmill when they express fears of a return to the old regime. That has passed forever. Nevertheless, the country must be saved from anarchy, and strong measures must be taken where the occasion arises. Nevertheless, we must discuss future developments, and where we believe it wise, go slow. We may be

forced to take a radical step, such as in the choice between evils. "It is already a fact that the Duma, as at present constituted and elected will be a failure. It will arouse much popular resentment and might be unable to deliberate unless surrounded by troops. If the Duma is to undertake to transform itself into a constituent assembly or elaborate a constitution it is better that it should represent the interests of the nation than the minority of the people."

## JEWIS AND EQUALITY.

Speaking of the Jewish question, the member of the Cabinet said: "For the Cabinet there exists a Jewish question. It is not what shall be done, but how to do it. We are absolutely of one mind that all the restrictions on the Jews should be abolished but for the government to decree equality without action on the part of the Duma would be full of danger. The prejudice against the Jews among the ignorant classes of Russia is not fanciful. It is deplorable but true that people under the old regime were saturated with the idea that the Jews were their oppressors."

"If the Jews were granted equal rights with Russians the latter would accept it as a confirmation of the suspicions they already harbor on account of the recent developments, that the Emperor has been betrayed and that the central government could do nothing to prevent the most frightful massacres."

"The agrarian agitation, in my opinion, is the gravest phase of the situation. The peasants throughout the country are possessed of only one idea—more land, and the uprising which is occurring in the famine-stricken provinces is possible of indefinite extension by the revolutionary agitators, who will shrink at nothing."

Count Witte is extremely anxious to secure a vote of confidence from the Duma. He is making every effort to effect in raising the confidence of the Duma to his support, but the dispatches from Moscow indicate that the radicals are determined to force a split and there are indications that Count Witte will be unable to command a majority.

The weather is so exceptionally severe that thirteen steamers are bound between the Black Sea and the Baltic. One of the steamers, the Kronstadt, one of the Volga, has seventy British subjects on board, and there are indications that Count Witte will be unable to command a majority.

IS THREE CENTS ENOUGH?

UP TO ROCKEFELLER TO ANSWER

(BY THE ASSOCIATED PRESS—A.M.)

CHICAGO, Nov. 21.—Can a teamster buy clothing and shoes for himself and family, pay doctor's bills, buy school books for his children and get the minor household necessities for three cents a day? That is the question that a committee from the Oil Wagon Union asked Manager Stephen X. Hurd yesterday. The committee headed by James Duffy, the business agent of the union, called on Manager Hurd yesterday.

"I want to show you what it costs the average family to live," said Duffy. He presented a schedule showing that food, fuel, light and car fare cost a man \$1.37 a day. "We get \$1 a day," said Duffy, "and I think you can see that we can buy clothing and other necessities on three cents a day."

"Could you, live on \$2 a day yourself, Mr. Hurd?"

"No, I don't believe I could, boys," replied Hurd. "And probably you can't either; but the fact is, I can get plenty of teamsters who are willing to work for that price. That is really what governs wages, more than the cost of living."

The new scale has been approved by the teamsters' joint council. Three independent companies have already agreed to pay the increase.

## LIBERALITY FOR CHINESE.

Steady Tendency in That Direction is Shown.

Bureau of Immigration is Gathering Information.

Conference of Republicans on Interstate Commerce.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Nov. 21.—[Exclusive Dispatch.] The President wants the Panama Canal built quickly. It is for this reason that he is opposed to the construction of a sea-level canal.

The lock canal project, to cost \$150,000,000 in all, and be open to traffic six or eight years hence is more to his liking.

Members of the Advisory Board protest that nothing official has been given out about their deliberations. One of them declared that it was unfair to the members of the board that their reported action in favor of the sea-level canal should be so widely commented on, and even adversely criticized before they had an opportunity to place their conclusions formally and fully before the country.

WASHINGTON, Nov. 21.—[Exclusive Dispatch.] The steady tendency toward more liberal construction of the Chinese exclusion law, is shown in the report of the Bureau of Immigration for the month of October.

The number of Chinese admitted last month was 230, against 198 in October last year. The number deported last month was 18, against 46 the same month last year.

Last month, 200 Chinese were admitted at San Francisco and 7 were deported, while in October of last year 124 were admitted and 24 deported through that port. It is noticeable that very few applications are made for entry under Section 4 certificates which cover expert Chinese.

If hundreds of high-class Chinese were anxious to come to the United States, but were refused admission for fear of humiliating treatment, as declared by Chinese officials, it is evident that the Chinese are not so much afraid of the United States as they are of the United States.

HEARST RETAINS BLACK.

Ex-Gov. Takes Charge of Criminal End of Litigation Growing Out of Majority Contest.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, Nov. 21.—Personal counsel of W. R. Hearst, announced last night that ex-Gov. Frank S. Black had been retained to take charge of the criminal end of the litigation which has grown out of Hearst's majority contest. Black will take hold at once and will work in cooperation with Attorney General Clegg and the grand jury investigating the frauds today subpoenaed John J. Murphy, brother of Charles F. Murphy, leader of Tammany Hall, and James E. Gaffney, Alderman from the Eighteenth Assembly District, in which Charles F. Murphy lives. John J. Murphy is a partner in the New York Contracting Company, and the wife of James E. Gaffney is said to be a partner in the same company.

Judge Clegg, sitting in extraordinary session, tonight signed orders for the inspection and the poll clerks for five districts to show cause before Judge Amend Thursday why they should not recover and recover the money voted in their respective districts on election day.

It was known today that the man who furnished \$5000 bail for John Krup, who disappeared last week on the day set for his trial on the charge of illegal voting in the Eighteenth Assembly District, was J. F. Pickett, a saloonkeeper on Third avenue, near Twenty-second street. This disclosure followed the appearance today before the grand jury of the man who was arrested on the charge of illegal voting, and who last week refused to answer questions put to him before the jury. Pickett was subpoenaed by Attorney General Clegg to appear before the grand jury, when Pickett also will be further examined.

WILL HOLD ANOTHER ELECTION.

HAVANA, Nov. 21.—Persons arriving here last night from the Isle of Pines say that the Americans there have given ten days' notice to the Cubans to leave the island for territorial officers, as they claim that the last election was illegal, owing to insufficient notice of their intention.

republican members of the Senate Committee on Interstate Commerce.

The conference followed a regular meeting of the committee in the afternoon and was attended by six of the eight republican members.

Senators Clapp and Millard were not present. Of the six members attending the conference it developed that Senators Ekins, Aldrich, Kean and Foraker were nearly in accord on one side and Senators Cullom and Doolittle were on the other. No propositions were advanced, but the four Senators in the east group mentioned indicated their desire for harmonious action and not too radical legislation. Senators Cullom and Doolittle insisted that the only way to have harmonious Republican action was for all the Republicans to get in line with the President and support his recommendations. The Senators suggested that the proposition of the President had not crystallized sufficiently to determine just what he wanted.

No measure was presented by any of the Senators embodying their views, although it is known that several measures have been introduced. The conference adjourned some members of the committee expressed the opinion that the President's recommendation was also expressed that the majority of the full committee would report in accordance with the recommendations of the President.

The church was crowded with friends of the bride couple. After the ceremony the bride party, the President and Vice-President, the ambassadors and a large number of guests were invited to the residence of Secretary Hitchcock to a wedding breakfast.

Right Rev. Henry Y. Satterlee, Bishop of Washington, and Rev. Richard Cotton Smith, rector of St. John's Church of this city, officiated.

STANFORD'S OLD HOME.

LEASED BY FAIRBANKS.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Nov. 21.—[Exclusive Dispatch.] Fairbanks has leased for the winter the old home of the late Senator Leland Stanford of California, an imposing structure located on the main national highway of the city. Its dining-room, which was added to by Stanford, is the largest in the city.

The Stanford's hospitality filled it with guests, and Fairbanks is expected to spend the winter there. The house was bought from the Stanford estate by the representative Morrell of Pennsylvania, who lived in it several years.

Alfred, spirit-crushed man  
out of the City Jail,  
yesterday, and accompanied  
by an indignant wife,  
pleaded for the release of his  
cat, the Lynch House, a  
famous in the accommo-  
dation men, at No. 1444  
Lynch street. This house was  
the scene of a fight where Albert  
Lynch, a man released from jail  
last week, was killed. It also was  
the scene of other things, ac-  
cording to the story told by Mrs.  
Lynch.

According to present plans, the  
excursion train will leave Port-  
land on the evening of January 12. The  
excursionists will constitute one of  
the most substantial representative bodies  
that ever passed out of the State on  
any mission. It will draw from every  
city in Oregon. Special cars from all  
sections of the State will join the main  
party at Portland or be picked up at  
stations along the line of the South-  
ern Pacific in Southern Oregon.

Only brief stops will be made until  
Sacramento is reached, and from that  
point until the line of the Southern  
Pacific is reached all leading cities will  
be visited.

At Los Angeles it is planned to have  
the excursion received and welcomed  
as a body by the commercial organiza-  
tions and the different southern cities.  
Then the excursion will disband as a  
body and the different members of the  
party will visit the several southern  
cities and cities. Members of the  
Oregon Press Association and of the  
Oregon Development League are ex-  
pected to accompany the party.

"Oakland, Where Ship and Rail

tive of the sights and charms of the  
northern city.

The booklet comes from the Oakland  
Board of Trade, and it is devoted to  
pictures and descriptive matter, to a  
review of Oakland's natural, industrial  
and social advantages.

The half-tones, exhibiting several fa-

front, the lookouts from the tall buildings  
in the business district and miles  
of pretty homes, are well made, and are  
put together very artistically.

Spinal Meningitis, Now Lies Un-

The case of a youth picked up at the  
junction of Temple and Spring streets  
yesterday is puzzling the authorities  
at the County Hospital. The boy was  
found by the police and sent to the  
Receiving Hospital, where it was found  
that he is suffering from a severe at-

lack of spinal meningitis, and the pa-  
tient was promptly sent to the County  
Hospital, that he might receive proper  
care. There was nothing about the  
boy's person to indicate who he is, and  
as he was still unconscious last night,  
it had been impossible to get anything  
from the boy himself.

He is about 14 years of age, short,  
heavy-set, brown hair, which has not  
recently been trimmed, gray eyes and  
fair complexion. He is in a serious  
condition, with few chances in favor  
of his recovery, and it would seem  
that somebody in the city ought to be  
able to identify him from this descrip-  
tion.

Southern California's generous en-

ing fruit. Oregon is for nothing if not  
for reciprocity, and, as showing her  
good will toward Los Angeles and this  
section of the State, an excursion of  
the leading business men of Oregon will  
be made to the principal cities of  
Southern California early in the new  
year. The scheme for the journey was  
sprung at Portland only a few days  
ago, and the idea took at once. Prepa-

Oregonians Make Plans for Big Excur-  
sion Hither in Recognition of  
Support Given Fair.

Southern California's generous en-  
couragement of the late Lewis and  
Clark Fair at Portland is already bear-  
ing fruit. Oregon is for nothing if not  
for reciprocity, and, as showing her  
good will toward Los Angeles and this  
section of the State, an excursion of  
the leading business men of Oregon will  
be made to the principal cities of  
Southern California early in the new  
year. The scheme for the journey was  
sprung at Portland only a few days  
ago, and the idea took at once. Prepa-  
rations for the jaunt are well under  
way.

According to present plans, the spe-  
cial excursion train will leave Port-  
land on the evening of January 12. The  
excursionists will constitute one of  
the most substantial representative bodies  
that ever passed out of the State on  
any mission. It will draw from every  
city in Oregon. Special cars from all  
sections of the State will join the main  
party at Portland or be picked up at  
stations along the line of the South-  
ern Pacific in Southern Oregon.

Only brief stops will be made until  
Sacramento is reached, and from that  
point until the line of the Southern  
Pacific is reached all leading cities will  
be visited.

At Los Angeles it is planned to have  
the excursion received and welcomed  
as a body by the commercial organiza-  
tions and the different southern cities.  
Then the excursion will disband as a  
body and the different members of the  
party will visit the several southern  
cities and cities. Members of the  
Oregon Press Association and of the  
Oregon Development League are ex-  
pected to accompany the party.

"Oakland, Where Ship and Rail

tive of the sights and charms of the  
northern city.

The booklet comes from the Oakland  
Board of Trade, and it is devoted to  
pictures and descriptive matter, to a  
review of Oakland's natural, industrial  
and social advantages.

The half-tones, exhibiting several fa-

front, the lookouts from the tall buildings  
in the business district and miles  
of pretty homes, are well made, and are  
put together very artistically.

### NEW ROUTE FOR CARS.

Angeleno Heights Line May Lose Some of its Many Kinks Through Change in Plans.

The Angeleno Heights line of the Los Angeles Interurban Company, the celebrated corker route to the city's sky-parlor in the northwestern hills, soon may lose some of its kinks. A gang of men was at work yesterday unloading the spiral stairway and in a few days it is expected that patrons of the line will be able to make the journey to and from the roof of the tower without experiencing the sensations incident to a trip on a roller coaster.

Workers are making track connections by which the Angeleno Heights line and the Temple-street line are to be joined at Edgeware Road and West Temple street, at which point only the space of a block separates the two routes. It will be necessary to lay a few lengths of steel rail to form the connection, as the tracks of the Crown Hills line enter Edgeware Road at that point and they are to be used over the greater part of the gap.

It is said to be the intention of the street railway company to run the Angeleno Heights cars over Temple street, from Broadway to Edgeware Road, turning thence to a connection with the present heights line near Bellevue avenue and continuing as at present, to the terminus at Kenyon Road. Thus the Crown Hills line will describe a complete circuit, leaving First street and Broadway and proceeding in a devious route toward every point of the compass, almost to its present terminus, and coming back over as crooked a trail to the starting point by way of the Sisters' Hospital, California street and Broadway.

To serve the section north of Temple street, and east of Edgeware Road, it is said to be planned by the company to send the Crown Hills cars over that part of the present Angeleno Heights line, the function being made at Bellevue avenue and Edgeware Road. Thus the Crown Hills line will describe a complete circuit, leaving First street and Broadway and proceeding in a devious route toward every point of the compass, almost to its present terminus, and coming back over as crooked a trail to the starting point by way of the Sisters' Hospital, California street and Broadway.

the magnificent rocks in the Garden of the Gods to return and wash them out. Local officials estimate that the heavy removal of young pine would make a serious inroad upon the local mountain water supply.

Texas's Growth in Congress. Congressman Henry, of Texas, recalls that when he took his seat in Congress in 1896, that State had only thirteen representatives in Washington. The census of 1900 gave it three more and Mr. Henry predicts that the census of 1910 will add four more, making a total of twenty, which would mean a population for the Lone Star State of about 4,500,000 people.

### FALL COLDS

Prominent Society Woman Advises Los Angeles People Best Means to Cure Them.

"To the People of Los Angeles: Knowing how prevalent colds are at this season of the year, and into what danger they often lead, I want to tell you of my experience, as it may be the means of saving your life, as I believe mine was saved by Vinol, the best cod liver oil preparation in the world."

SALLIE VAN WICK.

"On my way home from a reception, I contracted a severe cold and cough. I tried different cod liver oil preparations and other remedies; they only upset my stomach and gave me no relief. I finally sent for my physician. He prescribed for me, but I constantly grew worse, and as a last resort he advised me to try Vinol. I found it was delicious to take, and did not upset my stomach like the other cod liver oil preparations. It soon effected a complete cure, built up my general health, and made me feel stronger and better than I have for years."

"My druggist from whom I purchased Vinol tells me that it has taken the place of old-fashioned cod liver oil and emulsions, because it contains in a highly concentrated form all the medicinal, curative and body-building elements of cod liver oil actually taken from fresh cod livers, but without a drop of the system-clogging oil or grease to upset the stomach and retard its work, and if Vinol does for Los Angeles people what it did for me it will be worth \$100 a bottle for years."

CHARITY MEET OURS TO GET.

STATE CONFERENCE MIGHT COME HERE IF INVITED.

Interested individuals and organizations will hold meeting tomorrow evening at suggestion of Secretary Gage of California Board, who is here on a visit.

W. A. Gage, secretary of the State Board of Corrections and Charities, is in the city in the interest of the next State conference of bodies engaged in charitable work. Three conferences already have been held in the State, two in San Francisco and one in Oakland, and Mr. Gage believes it is time that this section should be the scene of such a gathering. He was present at the annual meeting of the Associated Charities yesterday, and broached the project there. After this there was a meeting of those particularly interested at the Farmers' and Merchants' National Bank, where it was decided to call an open meeting for next Friday night. This meeting will be at the office of the Merchants' and Manufacturers' Association in the Wilcox Building and every body interested in charitable work will be welcome.

"Of course you must understand," said Mr. Gage last night, "that the State Board of Corrections and Charities simply serves as a clearing house. It does not appoint a single officer, although it may have been instrumental in recommending some of their jobs—and is always ready to do so when it seems advisable. Its work is mainly advisory, and it depends for its power largely upon public opinion, so that it must get the needs of the State before the people. The State conference does this, besides giving workers in various charitable organizations a chance to compare methods. There are things that ought to be remedied. The insane asylums are getting into good shape, for their only difficulty has been want of room. The new buildings at Highland will ease the pressure, and the cottage system at the prison system is being built. Oh, no, there are no abuses—it isn't the fault of the wardens or any one connected with the system. It is the system."

"Do you know that California has over 250 more prisoners than Ohio, which has nearly three times our population, at least they have twenty-one Congressmen to our eight. Why? Because we have good climate and are easy. Crooks and grafters come here when it's cold back East, and they don't mind anything because if they get caught, it's the easiest place to serve a term. They spin yarns, play chess and check, smoke and work a little. What more can they want? Yes, indeed, our system needs revising."

The meeting tomorrow night will try to arrange a programme for the conference. It is expected that the preliminary work. It is expected that the date of the conference will come later in the year. The conference probably the entire State board will attend the meeting, but the attendance of all delegates is not certain. The conference will be held at the Portland Exposition, where Los Angeles was kept to the fore by Dr. Norman Bridge, Dr. Lindley and others.

CLAIMED BY TWO.  
United States Court Will Decide Which Brother Shall be Administrator of Mother's Estate.

A suit has found its way into the District Court through a somewhat unusual dispute between two brothers, both of whom claim to be administrators of the estate of their deceased mother.

The title of the suit is "Alphonse A. W. Bley, administrator of the estate of the late Elizabeth M. Bley, vs. the Perm Mutual Life Insurance Company." The object is to secure payment of a policy of \$5000 on the life of the deceased mother, who died in Whittier in August.

The insurance policy was in favor of the "estate of the mother," and she, having died in Philadelphia twenty years ago, a son living in that city took out letters of administration, and claims the insurance policy as an asset of the estate. The father, having died in Whittier, the other son living in that place, also took out letters of administration and now claims the insurance policy, but the company finds it impossible to pay until the courts decide who is the proper party to receive the money. The present suit will probably clear the atmosphere.

(NEWS REPORTS FROM TIMES CORRESPONDENTS.)

### READY FOR THE MULTITUDE.

#### SANTA ANA SWEET AND GARNISHED FOR TODAY'S EVENTS.

Parade of Products to be the Chief Feature of the Celebration—Sheriff at Lunch, Bunch of Company, to Meet Mrs. Belford from the McNally Ranch at Capistrano.

SANTA ANA, Nov. 11.—The final touches for tomorrow's big gala display were completed this afternoon, and everything is in readiness for the greatest celebration that Orange county has ever planned. Hundreds of workers were busy today preparing floats, decorating carriages and automobiles for the parade and bestriding the streets with banners and flags. Practically all the mercantile houses are gay with bunting in honor of the occasion.

The big event of the day, the Orange County Parade of Products, is to start promptly on schedule time at 10:30 o'clock in the morning. The parade will form on Route Sixth and Second streets, and commencing on the corner of Ross and Fourth move east on Fourth to Main street, then turn right on Main street to the Court house and on to West street. The parade distance has been hung with streamers of flags and bunting, giving the streets an unbroken line of color. On the corner of Sixth and Main a daily decorated stand has been erected for the judges, and from this point the parade will be reviewed. The aides in charge of the several divisions were busy at work all day today, and they will be busy far into the night, attending to the numerous details necessary to make the display a success.

The programs of set speeches, when representatives of the city and of the county are present, will be held in front of the Courthouse at 11:30 o'clock. Athletic events in the afternoon, the illuminated drill of the Columbia Club in the evening, and the numerous dances and entertainments provided for the thousands who are expected to be present will serve to make this celebration of the opening of the fruit season the most notable event of its kind ever given in Orange county.

The committee in management recognizes great delight at the united efforts of Santa Ana citizens to make the parade a success. Fraternities and civic organizations, private individuals and local business concerns have entered heartily into the features of the parade, giving guarantee of an exceptional number of floats and private carriages and autos, decorated with flowers and greenery.

Fully ten thousand visitors are expected for the day. In addition to the service on the Pacific Electric line, the steam roads will bring large numbers from the cities and towns along their routes of travel. Provision is made for caring for the big crush of visitors at the noon meal. A number of church societies and fraternal organizations will assist the restaurants and hotels in feeding the multitudes.

**EXPECT MRS. BELFORD.**  
The final element of Mrs. Eleanor Belford from the McNally ranch of the McNally heirs at Capistrano was effected this morning. Deputy Sheriff Wilson and a number of officers were on duty for the occasion. The deputy went to Capistrano yesterday afternoon, taking with him Dr. C. C. Belford, the city, who made an examination of Mrs. Belford's condition and promptly issued a physician's certificate that the woman was in condition to be moved without fear of injury to her. Owing to their late arrival at night, no attempt was made to move her then, but early this morning she was conveyed from her bed to a private carriage and lodged in the French Hotel at Capistrano.

The removal of Mrs. Belford and her belongings was a task of no small magnitude. The furniture and other belongings were loaded onto a truck and stored away with the rest of the McNally heirs' belongings. The McNally heirs' belongings were loaded onto a truck and stored away with the rest of the McNally heirs' belongings.

Numerous sensational stories of the case have been put in circulation from irresponsible sources, detailing how Mrs. Belford was snatched from her bed at midnight and forced to leave the house in the dead of night to the danger of her health. The officers concerned in the matter, including Sheriff Lacy and all his deputies, protest that throughout they gave the inmates of the house the utmost consideration and would have had no cause to employ the seemingly harsh means they did, but for the fact that Mrs. Belford and her friends attempted to evade the fulfillment of the election processes by brandishing revolvers in the face of the men and threatened lives. It is also said that Mrs. Belford acquired most of her ill-humor and subsequent "nervous sickness" from too frequent notations.

The officers regard the attempts of the San Juan Company and Mrs. Belford to retain possession of the land as a cold-blooded bluff, played in spite of the fact that they knew they had no legal right to the land they claimed. The McNally heirs' belongings were loaded onto a truck and stored away with the rest of the McNally heirs' belongings.

Sheriff Lacy filed his return with the County Clerk this afternoon, with vouchers from the McNally people that he had delivered the property in question into their hands. The rest of the matter will be fought out in the Superior Court as a civil suit over the legality of the McNally's title to the ranch in question.

#### AGED MAN HURT.

R. Bachelder, a resident of Second and Birch streets, was seriously injured this morning by falling from the Orange and Santa Ana motor on North Main street. Mr. Bachelder, who is more than 70 years old, inadvertently stepped from the car while it was in motion, but at the time appeared to be uninjured except for bruises on the face. Passengers who ran to his assistance picked him up, and he walked away to make a visit with a friend nearby. A half an hour later J. P. Spotts found him lying unconscious by the roadside and sent him home. On account of the injured man's age, the fall may prove serious to him. In addition to bruises on the face and head, it is feared that he has suffered internally.

#### ANAHEIM.

**MONSTER SETTING OF EGGS.**  
ANAHEIM, Nov. 11.—Carter & Patterson of Carlsbad, San Diego county, have been traveling through the West-minster country to contract for the purchase of 500 eggs—1000 in all. They say they will hatch this number in a monster incubator.

#### ANAHEIM LOCALS.

Dr. Houck has purchased from R. A.

Aguller a lot on East Broadway for \$250 and will erect a \$2000 residence. An organization to be known as the Pastor's Aid has been formed by a number of members of the Presbyterian Church in building a \$1500 residence in the Sunline tract; J. Bayha has purchased three lots in the Davis addition and will erect a dwelling; F. Baum will build a \$1000 cottage on Helwig street.

Annapolis Eastern Star Lodge has elected the following officers for the ensuing year: Mrs. Richardson, W.M.; P. H. Krick, W.P.; Mrs. Eva Boyd, Assistant Matron; Mrs. H. A. Stough, Conductress; and Mrs. Chambers, Associate; Mrs. Krick, Res. Secretary; Mrs. Res. Treasurer.

#### RIVERSIDE.

**PARTED COUPLE JOINED AGAIN.**  
RIVERSIDE, Nov. 11.—A romantic remarriage occurred in Judge Noyes' court today. About 3 o'clock Thomas W. Wallace and Mary Elizabeth Wallace sauntered up to the clerk's desk and asked for a license. When the couple faced the Judge the bride said that a minister's services were hardly needed in this case as the parties had been formerly married in Canada on September 23, 1918.

Mrs. Wallace secured a divorce in San Bernardino on January 23, 1922, and since then her husband has tried by every art and persuasion to recall her to his hearth. Today she consented. The divorce was because of the husband's frequent absence in domestic life and which are often times bitterly regretted.

The grounds of a married Canadian business man who, since his wife's divorce, has made Los Angeles his home. His wife, who is now in the city, is a married couple decide upon the terms of their second nuptial tour.

#### WATER SUIT.

The Corona Land and Water Company has sued the Riverside Power Company for \$10,000, and the action may involve the purchase of that plant by the city of Riverside for a municipal electric light machine.

#### SALTON.

**FIRE STOPS THE DINNER.**  
(BY DIRECT WIRE TO THE TIMES.)  
SALTON, Nov. 11.—(Exclusive Dispatch.) Last night just before supper time four cars belonging to the outfit of Thomas Bette, foreman bridge carpenter of the Southern Pacific Company at Berris, a small station a few miles south of Imperial Junction, caused fire to break out in the dining car which had been going on, was hurriedly abandoned in a wild race for the life of the passengers. The cars in the shape of blankets, food supplies and tools.

The progress of the terrific wind which had been holding on all day, however, rendered the efforts futile, and in the end the temporary home of the crew of twenty men was a smoldering mass of embers. The provisions of the train were used for sleeping quarters, one for a dining and a fourth for mechanical supplies, being ruined entirely. The work train engine which was engaged with the crew took the men into Imperial Junction, where the wires to headquarters were kept hot with messages relating the tale of woe. A new outfit was hurriedly gotten into shape and dispatched to the place.

#### CORONA.

**FRUIT FOR HOLIDAYS.**  
CORONA, Nov. 11.—Eight carloads of fruit, including the entire crop from the Bixby ranch at Temecula, will be shipped by the Corona Packing Company for the holiday trade. The fruit has matured early, no artificial means being necessary to force it. The yield of walnuts from the same ranch is six tons.

#### CORONA CULLINGS.

Yesterday's showers brought the season's rainfall to 1.18 inches. This is the heaviest November precipitation since 1908, when 1.48 inches fell. The rain is putting down 120 inches of water from his new well on his alfalfa ranch near the pottery.

Dr. L. A. McCarthy of Corona will tender to the Board of Supervisors his resignation as county physician, to take effect January 1. He has been in the position for one year. Mrs. J. Feldman stuck her hand in the house of the unemployed, then inserted that member in his mouth. The child's hand and mouth were burned, but not seriously.

#### SAN BERNARDINO.

##### LIGHT FOR LIGHT.

SAN BERNARDINO, Nov. 11.—It is stated that John Light, promoter, will not have to put his beautiful Redlands home under the hammer. It is explained that, although the wife indorsed the promissory note and mortgage which he borrowed \$15,000 from Ben Caba, Karl Wells and J. C. Curtis, she has not signed the other obligations to clear up the mortgage. The other creditors, it appears, cannot attach the residence to their claims.

#### EXPLOSION INJURES MINER.

A premature explosion of a charge of powder in a mining shaft badly injured James Farrell, a miner, working in the new Green mine in Holcomb Valley, yesterday. That Farrell was not instantly killed is remarkable, as he was within a foot of the explosion. His hands and face were torn by fragments of rock, and his garments set afire. He was rescued by a bunch of campers, who extinguished the flames on his garments. Owing to his pain and being blinded by the blood from his innumerable wounds he did not know his clothes had taken fire. Though at first he seemed to be recovering, but will probably be disfigured for life.

#### FINES CHINO WOMAN.

Emma Patsy has been sentenced to pay her fine of \$25 imposed by Justice Pollock of Ontario, who found her guilty of conducting a sporting house at Chino. She appealed from the decision and judgment, and this morning the Superior Court affirmed the lower court's decision. The woman, who has been trying to rid the community of the woman, but she managed to prevail until Sheriff J. C. Ralph took the case in hand.

#### CHINO WOULD INCORPORATE.

The citizens of Chino are busy en-

## STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are addressing your private life to a woman—a woman whose experience with women's ailments is a woman's greatest ally. You can talk freely to a woman when it is revolting to relate your private troubles to a man—because she is a woman. A woman's knowledge from actual experience is great.

Mrs. Pinkham's standing invitation. Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private ailments to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice. When a medicine has been successful in restoring to health so many women, you cannot well fail, without trying it, "I do not believe it will help me."

Placed in stirring up a movement looking toward the incorporation of the town and for this purpose have presented a lengthy petition to the Board of Supervisors asking the board to call an election at Chino to vote upon the issue. That will be done forthwith. Chino is divided into two precincts by the main street, and one precinct has voted against the incorporation, the other side for it, the result being that just across the street from the dry precinct is a well-established saloon. This is one of many reasons why Chino wants to incorporate.

#### ONTARIO.

##### WATER DIRECTORS CHOSEN.

ONTARIO, Nov. 11.—The San Antonio Water Company at the annual meeting yesterday elected the following directors: A. P. Harwood, E. H. Loffel, Charles Frankish, W. T. Leake and G. J. Graves. Also appointed an advisory finance committee consisting of C. E. Harwood, W. W. Smith and F. Condit.

High Lattimer of Riverside and B. H. Dyer of Los Angeles have shared from Los Angeles the forty-acre orange grove on the west side of Mountain avenue between Third and Fourth streets.

A special meeting of the stockholders of the First National Bank this morning. It was voted that the capital should be increased from \$20,000 to \$40,000 and the reserve fund from \$7000 to \$2000.

#### VENTURA.

##### PROBING EMBERT MYSTERY.

VENTURA, Nov. 11.—The Coroner today held an inquest upon the bodies of Homer and Borge Emmert of Hakavet, who were slain by a bullet from a Simi in this county some time Sunday night. The verdict of the jury was that the two men were killed with a revolver by Charles Lilligan, who is known parties. The club with which the two men were killed with a revolver by Charles Lilligan, who is known parties.

One of the brothers was struck two blows in the head with this stick and the other was hit with a wooden club. It is evident that robbery was the motive of the crime, as the pockets of the brothers were turned out.

## Rational Treatment

Of Men's Diseases

WE ARE ALWAYS GLAD TO EXPLAIN OUR METHODS of treating men's diseases in those who call for consultation. They are common-sense methods that appeal to the judgment of those who think for themselves, and are in striking contrast to the mass of tangled superstitions commonly offered as the scientific solution of men's ailments. Having deeply studied the cases we have treated, we have not the slightest difficulty in determining the exact nature of an ailment and the requirements for a complete cure, and are always glad to inform patients of the true condition and the necessary course of treatment.

 STANLEY'S TRIP EASY NOW  
 German Governor Does in Seven

 Months.  
 [New York man:] Count von  
 the Governor of German Kats-  
 has made a journey to Victoria 7,  
 and he has done it in a matter of  
 distance-covered and the circum-  
 of the lake much easier than  
 Stanley did. The explorer's jour-  
 neys are in other respects very  
 a pleasant journey.  
 Stanley made the journey this  
 it took nearly nine months a day  
 from the time he left the  
 Ocean to reach the lake, cir-  
 cumscribing it, and he had to  
 the King of Uganda, on the  
 shore. The time required by Count  
 von Katsch to do the same was  
 entirely circumscribed it and  
 in Uganda, within a few miles  
 of the lake, he had to go to  
 seventeen days, six of which  
 spent at three German stations  
 on the lake. The German

## EVENTS IN LOCAL SOCIETY.

**MR. WRIGHTMAN SMITH** of No. 623 South Bonnie-Bree street, one of the most charming of younger matrons, who has just returned from an enjoyable visit in her old home, Kentucky, was the recipient of a pretty surprise affair given last evening by her husband, Mr. Smith, who was assisted in entertaining by Mr. and Mrs. Langan, Mrs. C. B. Nichols and Mrs. L. J. Selby.

Mr. Smith, with his assistants, arranged a delightful entertainment. Mr. Smith was away all day and on her return she was greatly surprised to find a host of friends awaiting to greet her and a house aglow with bright flowers and greenery. A most enjoyable evening was spent with games and music and later a stunning supper was served. Dr. C. B. Nichols, who has just recovered from a severe illness, was present as a special guest.

Those who surprised the pretty young matron were: Dr. and Mrs. Milbank Johnson, Dr. and Mrs. C. B. Nichols, Mr. and Mrs. Lawrence B. Burck, Mr. and Mrs. Matthew Robertson, Mr. and Mrs. J. W. McAllister, Mr. and Mrs. John W. Broad, Dr. and Mrs. Benjamin F. Church, Col. and Mrs. T. W. Richards, Mr. and Mrs. E. J. Fleming, Mr. and Mrs. Stockard, Mr. and Mrs. Chester B. Loomis, Mr. and Mrs. F. K. Watkins, Mr. and Mrs. H. Connor, Mr. and Mrs. L. J. Selby, Dr. and Mrs. Richardson, Mr. and Mrs. Folsom, Mr. and Mrs. Lake Wood, Mr. and Mrs. Frank Edwards, Mrs. Burck, Miss Page and Edwin Hawkins.

## Will Receive Friday.

Mrs. Philip Forve and her sister, Mrs. C. E. Stegmeyer, who is visiting Mrs. Forve at her home, No. 427 Westlake avenue, will receive informally on Friday afternoon from 3 until 5 o'clock. Mrs. Stegmeyer has been the object of much pleasant entertaining during her visit and a few days ago Mr. and Mrs. Stegmeyer celebrated their fifth wedding anniversary. Mrs. Forve is entertaining with a jolly surprise affair in their honor. Mr. and Mrs. Stegmeyer will leave the first of next week for their home in Wilkes-Barre, Pa., after a pleasant visit in Los Angeles.

## Prize Baby Girl.

Ocean Park is the proud possessor of a baby girl just two years old who has won the prize offered by Leslie's Magazine, in competition with hundreds of other babies from all over this country.

The baby, a beautiful little girl, was awarded the first prize, and the picture played here this is the one which was the winner.

The small girl upon whom this honor was bestowed is a dainty, bright-eyed little girl named Broughall, the daughter of Mr. and Mrs. John Broughall of Salt Lake City, who are spending the winter in Ocean Park. She is one of the brightest and sweetest of babies and her pretty smile is particularly winning.

Everyone admires her and day by day people stop the proud mother to admire and talk to the cunning baby. She has pretty golden ringlets and great violet eyes and her sweet voice is peculiarly attractive. Mr. and Mrs. Broughall are wealthy and prominent people of Salt Lake and will probably in time take up their abode in Ocean Park.

Mr. Broughall is at present in the East and Mrs. Broughall, with her dainty daughter, are at the Decatur for a period.

is Home Affair.

Last evening at the home of Mr. and Mrs. L. C. Pfaffenberger a pretty little wedding took place. Their daughter, Miss Ella Pfaffenberger, becoming the bride of Leonard Paul, Rev. Fred Ross, brother-in-law of the bride, officiating. The home was converted into a beauteous of beautiful blossoms, and in the front parlor, where the service took place, an altar of palms and asparagus plumosus was reared, over which white chrysanthemums were strewn and on either side clusters of huge snowy blossoms lent their grace to the arrangement. Above a canopy of greenery swung lightly, starred with white flowers, and lights were softly shaded with white tulle. The back parlor was a picture of white chrysanthemums and white chrysanthemums. Music for the service was rendered by Miss Ruth Benson, who played the wedding march from "Lohengrin" as the party approached the altar, and "O Promise Me" during the ceremony. The bride was dainty in a soft gown of white wool trimmed with lace and ribbon, and carried a bouquet of white carnations and maiden hair ferns. In her hair she wore white blossoms. Miss Clara, the bride's sister, the bride, was maid of honor, and wore a flimsy gown of white organza and lace and carried a bouquet of white carnations and maiden hair ferns. Mr. and Mrs. Michael J. **Queen Esther Circle.**

Mrs. Horace G. Hamilton of No. 942 Valencia street entertained on Tuesday afternoon the Queen Esther Circle of the First Methodist Episcopal Church. A short business session was held and elaborate plans were made for their annual bazaar followed by a social hour during which refreshments were served.

**Miss Nolan to Wed.**

Of interest to a large circle of friends is the engagement of Miss Nell Nolan, daughter of Maj. George N. Nolan of this city and Frank Nolan, who is connected with the Shannon Copper Company of Clifton, Ariz. Miss Nolan is a charming and pretty girl with a vivacity which is infectious and though near friends have been aware of the engagement for some time it was only today that formal announcement was made. She has been connected with the City Clerk's office for some time and is a favorite at the City Hall. Her fiancé is a distant relative of hers and is a prominent young man, being chief assayer of the copper works in Clifton, where he, with his bride, will go to join the host of other young married folks who have gone to Arizona to make their homes. The wedding will take place some time in January, and is to be a quiet home affair, taking place at the home of the bride's father, Maj. Nolan, at No. 518 West Third street.

**St. John's Bazaar.**

The ladies of the Guild of St. John's have arranged for a winter bazaar today and tomorrow and one of the most delightful features will be the chicken dinner to be served this evening, with Mrs. Clarke at the head of affairs. Mrs. Z. M. King is president of the guild and has managed the whole affair, where beautiful fancy articles and dainty good things to eat are to be featured. A turkey dinner will be served. These dinners have always been featured at the bazaar and have gained a reputation for their excellence, which is beyond criticism. Mrs. J. Z. Cowles has been in charge of the bazaar and has been very successful in her efforts to make the bazaar a success. Mrs. J. Z. **Le Home Affair.**

Last evening at the home of Mr. and Mrs. L. C. Pfaffenberger a pretty little wedding took place. Their daughter, Miss Ella Pfaffenberger, becoming the bride of Leonard Paul, Rev. Fred Ross, brother-in-law of the bride, officiating. The home was converted into a beauteous of beautiful blossoms, and in the front parlor, where the service took place, an altar of palms and asparagus plumosus was reared, over which white chrysanthemums were strewn and on either side clusters of huge snowy blossoms lent their grace to the arrangement. Above a canopy of greenery swung lightly, starred with white flowers, and lights were softly shaded with white tulle. The back parlor was a picture of white chrysanthemums and white chrysanthemums. Music for the service was rendered by Miss Ruth Benson, who played the wedding march from "Lohengrin" as the party approached the altar, and "O Promise Me" during the ceremony. The bride was dainty in a soft gown of white wool trimmed with lace and ribbon, and carried a bouquet of white carnations and maiden hair ferns. In her hair she wore white blossoms. Miss Clara, the bride's sister, the bride, was maid of honor, and wore a flimsy gown of white organza and lace and carried a bouquet of white carnations and maiden hair ferns. Mr. and Mrs. Michael J. Connell of the groom, acted as best man.

**Progressive Dinner Party.**

An enjoyable time was spent Friday evening at a progressive dinner party given by seven girls. The jolly crowd gathered at the home of Miss Esther Cumberland, at No. 121 West Avenue 51, and were there served the first course. The table was daintily strewn with violets and asparagus ferns. From there the company adjourned to Miss Margaret Clapp's, where the meat course was served. Her brother, "Jasper," the colored waiter, served a very tasty dinner. The salad course was given at Miss Frances Gault's, where the table and chairs were decorated with Occidental colors and pennants. They then proceeded to the artistic home of Miss Ruby Short, where, under the stars and Japanese lanterns, they were served with delicious grape loaf and cake.

**For fear of indignation, the party took a little walk; finding the door of Miss Elizabeth Smith's home open, the company walked in and were there served with bonbons, nuts and after dinner coffee.**

**Returning to Miss Margaret Clapp's for the last course which consisted of their quilt doilies, the remainder of the evening was spent in playing games and singing college songs. Those who enjoyed the evening were: Misses Canfield, Short, Gault, Wilson, Cumberland, Hatch, Messrs. Irwin, Smith, Garth, Bickel, Birch, Haney, Patterson.**
